

Because of you, their futures look different.

A year-end letter from the Dream Center Baja family, and an invitation to double your impact.

Dear Friend of Dream Center Baja,

This year, a young woman from a dirt-floor home in Colonia Alamar earned her law degree and began interning at the Attorney General's Office of Baja California. Another, a little girl who arrived at Niños de Fe at age three unable to speak, found her voice and was adopted into a loving family. Their stories fill the pages that follow, and they are your stories too.

Because of friends like you, **130 children and 62 families** received love, stability, education, and the steady presence of a Christ-centered community in 2026. Backpacks went onto 130 small shoulders. Ten young people are attending university. And at Niños de Fe, children who once knew only abuse and abandonment are finding safe homes and families who love them.

As the year closes, we are asking you to stand with us once more. Generous donors have pledged to match gifts up to **$50,000** made before **December 31, 2026**, so your gift will do double the good. Our goal is to raise **$100,000** to carry the care of Niños de Fe, and the education and mentorship of Colonia Alamar, into 2027.

Thank you for believing in these children, and for helping them believe in themselves. May God bless you and your family this season.

With gratitude,

Dennis Visser, Chairperson of the Board

STORIES OF TRANSFORMATION

Two lives. Two futures rewritten.

Colonia Alamar, east Tijuana.

Angela with her law degree.

Angela: from humble beginnings to a law degree

Angela lives in Colonia Alamar, an impoverished community in east Tijuana with dirt roads, dirt floors, and no running water. Her family works hard to provide for Angela and her siblings, but a university education was never part of the plan, until Angela was selected for the Jóvenes de Fe (Youth of Faith) Scholarship Program.

Her own life gave her a powerful reason to study law. Her father had been unjustly accused of a crime he never committed, and Angela did not want another child to live through what she experienced. She earned her law degree in four years, becoming our **first Jóvenes de Fe university graduate**, and is now interning at the Attorney General's Office of the State of Baja California.

> *"I never had the slightest idea that angels like you would appear along my path and accompany me on the way to my dream. I feel very fortunate, blessed and grateful to God for putting you in my life."*
>
> **Angela**, Jóvenes de Fe graduate

Ashley: from silence to a family of her own

Ashley arrived at Niños de Fe at just three years old, only days after being rescued and placed in protective care. She was non-verbal and communicated only through gestures.

Comprehensive evaluations showed that trauma, and a lack of stimulation and care, had delayed her development. But with consistent love, care, therapy, and education, Ashley began to communicate, started school, and grew in confidence.

At age five, Ashley was **adopted into a loving family**, where she is deeply loved and supported.

> ***From gestures to words, and from protective care to a family of her own.***

Ashley, growing in love and confidence.
